Doing Business in California Just Got Easier with eReg

BOE Launches eReg (Electronic Registration) Service

Sacramento – Starting or doing business in California just got easier with eReg, the Board of Equalization's (BOE) new secure electronic registration system, announced Betty T. Yee, First District Board of Equalization Member today. The user-friendly service offers a convenient, fast, and free way to apply online for a permit, license, or account.

“BOE remains committed to improving taxpayer experience. With eReg, taxpayers can be confident they have necessary permits and licenses required for their business,” said Ms. Yee.

Beginning June 18, 2012, users can access eReg from the BOE's secure website – any time day or night – to apply for a seller's permit, pay use tax, and register for other tax and fee programs. Answer a few simple questions and the system works to guide the user through the process of getting the permits, licenses, or accounts needed. If users don't have time to finish the application process, it's no problem – they can save their application and return later to finish it.

In addition, eReg allows you to:

- Register for a special tax or fee account such as International Fuel Tax Agreement (IFTA) accounts and Cigarette and Tobacco Products Retailer's Licenses
- Add a new business location
- Easily make use tax payments
- View the status of your account(s) online
- Access helpful reference materials, forms, and publications

Find out more exciting information about eReg from our short video at: youtube/yajs02nalvQ.

For a comprehensive list of features and to learn how eReg can help you, visit: www.boe.ca.gov/elecsrv/ereg/index.html.

Board Member Betty T. Yee was elected to her post in November 2006. Her district includes many of California's coastal counties, from Del Norte to Santa Barbara, and includes the entire San Francisco Bay Area. Ms. Yee previously served as Chief Deputy Director for Budget at the California Department of Finance, covering a wide array of state and local finance policy matters.

The five-member California State Board of Equalization (BOE) is a publicly elected tax board. The BOE collects more than \$50 billion annually in taxes and fees supporting state and local government services. It hears business tax appeals, acts as the appellate body for franchise and personal income tax appeals, and serves a significant role in the assessment and administration of property taxes. For more information on other taxes and fees in California, visit www.taxes.ca.gov.
